INNOVATIONS AND CHALLENGES IN MATERIALS AND CONSTRUCTION

OCTOBER 28-29, 2017

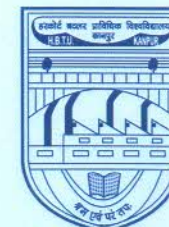

Organized
by

**The Institution of Engineers (I)
Kanpur Local Centre**

Under the Aegis of
Civil Engineering Division, IEI

In Associations with

**Civil Engineering Department
Harcourt Butler Technical University,
Kanpur**

INTRODUCTION

Urban India is in a transition, moving from regular cities to sprawling metropolis's that have to efficiently cater to the needs of a large migrant population, commercial interests and aspirations. An effective Urban Development strategy will be the key driver behind this transformation, moving people, goods and services and keeping pace with changing social dynamics. As things stand today, India's urban strategies though ambitious, have failed to meet these requirements. Ensuring a more sustainable future requires a transition to an urban construction strategy that is reliable, efficient, environmentally sound and inclusive. Some of the underlying issues are at a larger strategic level and some at the operational level. Though policy making at the national level has begun to make some shifts with the National Urban development Policy giving a policy impetus to public Rural and Urban Housing, a lack of long-term vision and poor implementation are blocking any real shift on the ground.

OBJECTIVES

- To bring academia and industry on a common platform and impart state-of-the-art in recent developments in materials and techniques in Infrastructural Construction.
- To promote suitable methods for improvement of existing design criteria and Material development.
- To develop Innovative Materials using locally available sources..
- To promote a sustainable Design and Materials system and accessibility based on universal design principles.

THEMES

1. Developments in Concrete Constituents materials.
2. Innovations through material developments
3. Specialized applications of Civil Engineering Materials.
4. New techniques in Concrete Construction
5. High Performance Building materials
6. Aesthetics in Materials and Concrete.
7. Any Other Topic related to materials and Construction

ELIGIBILITY

Professional Engineers, Scientists, Researchers, Academicians from Govt. Departments, industries, R & D establishments and academic institutions are eligible to attend this Seminar.

REGISTRATION FEE

The registration fee for the programme is :

- (i) **Rs. 500/- for students ;**
- (ii) **Rs. 1000/- for Members and**
- (iii) **Rs. 1500/- for other participants**

(cash or DD in favour of "Institution of Engineers (India) Kanpur Local Centre" payable at Kanpur) per participant. This fee includes the cost of registration kit and proceedings/course material. **No TA will be paid to the participants by the organizers** of the Seminar. A certificate for participation in the said program will also be given to all the delegates.

SUBMISSION OF ABSTRACT

Abstract should be submitted through email to kanpurlc@ieindia.org / pradeepkt64@gmail.com or by post to the **Organizing Secretary** of the Seminar in English as Microsoft Word Document, Times New Roman, 12 font size, by **July 31, 2017**. Details to be included are Author's name and affiliation along with contact address, email, phone no. and Fax.

ACCOMMODATION

Accommodation is not available at the office of Institution of Engineers (I), Kanpur Local Centre, Kanpur. However rented accommodation in various hotels may be arranged on prior request .The delegate will have to bear the expenses for accommodation.

DEADLINES

- | | |
|----------------------|--------------------------|
| July 31, 2017 | Receipt of Abstract |
| Aug 16, 2017 | Acceptance of Abstract |
| Sep 16, 2017 | Receipt of Full Paper |
| Sep 30, 2017 | Acceptance of Full Paper |
