

The Institution of Engineers (India)

Keeping the interests of our students in view, and the emerging scenario about holding of examinations by the NTA and other Universities, the Council at its 709th meeting held on 30-31 July 2021 at Hyderabad decided that the Winter 2020 Sections A & B examinations will be held during **11-17 Sep 2021** in physical mode and the number of Centres should be reduced and the examinations should be conducted as per the laid down norms maintaining necessary COVID-19 protocols. Amidst COVID-19 pandemic, IEI has drawn up a comprehensive plan for implementation based on relevant instructions, guidelines and orders. This is to assure the safety of both the candidates and all functionaries involved in the conduct of the examination. There may be all possibilities of sudden changes in the situation under the jurisdiction of a particular centre due to third wave surge in Covid-19 across the country.

Development related to Winter 2020 examinations will be available under **Academics** in the notice board in www.ieindia.org from time to time.
